

Cottagewood Children's Park

For more than a century, Cottagewood Children's Park has been an important part of the Deephaven community. On July 4th, 1998, the Cohn and Allen families re-dedicated this historic park with a gazebo, a play area, park benches, picnic tables and a bronze fountain sculpture of kids playing on a log.

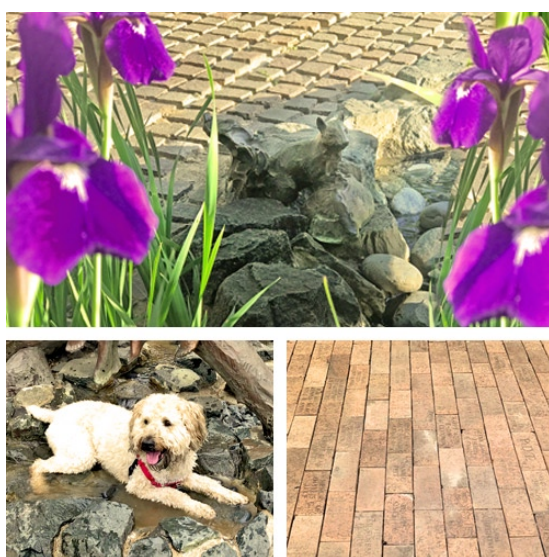

But, like a treasured, turn-of-the-century lake home, the Park needed some TLC. When friends and neighbors gathered to refresh and revitalize it, Streeter Custom Builder was honored to help. Together with the City of Deephaven, Bratt Tree Company, Landscape Renovations, Rivera Landscape, Pride Electric and Signature Pools, we restored the fountain, rebuilt the paths, replanted the grass, pruned the trees and planted shrubs and flowers for a new generation of families to enjoy.

Located next to the Cottagewood General Store.

Cooling off by the Fountain.

A Perfect Place for Picnics.
